## About Alt Park

We understand that choosing the right home isn't easy. There's often so much to think about and decisions to make, that at times it can feel overwhelming.

We work hard to make sure our residents feel, safe, happy and secure. We want our home to be their home and our personalised approach focuses on providing every resident with privacy, independence, dignity and choice so, whether you are looking for short or longer-term care you can be assured of a true home from home; you or your loved one will become part of our family.

## Life in our Home

Alt Park Nursing Home specialises in providing residential and nursing care for up to 35 young/ elderly adults living with dementia.

Situated in beautiful setting with two large gardens at the front and rear and is surrounded by three established local parks which offer a unique rural setting.

The home is spacious, with three large open plan lounges leading to a south-facing conservatory, offering both ample seating and a breath-taking view of the main garden area.

## Dining with us

Mealtimes represent an important part of the day and a great social occasion. At Alt Park we work to ensure they are as enjoyable as possible, unhurried and relaxed, with everyone being given plenty of time to eat and enjoy their meal while chatting and enjoying the company of friends.

Our chef teams use fresh ingredients, locally sourced wherever possible, to provide delicious, nutritionally balanced, seasonal meals.

Residents always have multiple options to choose from at all meal times and can opt for something different if they change their minds when the food arrives.

## Activities & Wellbeing

Leading happy and fulfilled lives  
At Alt Park, we want residents to live happy and fulfilled lives. By getting to know residents, our dedicated activities coordinator offers an extensive programme of activities and events, providing sensory stimulation through group activities and one to one sessions that meet their different passions and interests.

## Our Commitment to our team

All of our team members are passionate about caring for others and making a difference. Putting others first is second nature to them; they love building close relationships with residents and putting themselves in their shoes so they can provide the best personalised care.

Our people are qualified to deliver the highest standards of care and our tailored training programmes, together with the mentoring support we provide, allows us to continually invest in and develop our teams.

Our focus on building positive, passionate teams and investing in their career progression means we are an employer of choice for those looking for a rewarding career in care as well as, we hope, the first choice for people looking for care in their local community.
